

Boots to Business Virtual Workbook

Quick-Start Guide

Background:

The B2B Virtual Workbook allows attendees to:

- 1) Follow along with and take notes on the applicable pages of the slide presentation
- 2) View videos used in the B2B presentations on their own computer, tablet, or smartphone
- 3) Fill out the optional New Venture Feasibility Analysis with individualized information that pertains to their business or business idea
- 4) Save the workbook along with their notes to their computer, tablet, or smartphone

• Accessing the B2B Virtual Workbook

- The B2B Virtual Workbook is one of the items in the student resources area of the B2B Community Portal at <https://sbavets.force.com/>. When taking an online class, the easiest way for students to gain access to the virtual workbook is when they fill out our Attendance Form at <https://sbavets.force.com/attendance> at the beginning of class (first slide of Module 1).
 - Once a participant completes the Attendance Form, they are directed to the Student Resources Page and can view or download the workbook.
 - We recommend participants *download* the book to their local computer, tablet, or smartphone which allows for better navigation and note-taking ability.
 - We recommend participants *download* the book to their local computer, tablet or smartphone , which allows for better navigation and note-taking ability.

• Navigation

- Click the module title or other line in the Table of Contents to move to its corresponding page
- While taking notes, hitting “Tab” will move to the note-taking area of the next page in the presentation and “Shift + Tab” will move to the previous page
- If filling out the New Venture Feasibility Analysis, users can use “Tab” to move between fields
- Type the page number in the navigation bar at the top of Adobe Acrobat to go to that page
