

Boots to Business (B2B) Instructor FAQs

Question 1: Who is eligible to participate in Boots to Business and Boots to Business | Reboot?

Answer: Boots to Business classes are open to transitioning Service members (including National Guard and Reserve) and their spouses. Boots to Business | Reboot brings Boots to Business off installation, extending access to veterans of all eras.

Question 2: With Boots to Business being offered on so many installations, each with its own criteria for gaining access, how do instructors know the correct access procedures for their specific base?

Answer: Local SBA District offices and the Veterans Business Outreach Centers (VBOCs) will have base logistics and access requirements for each installation and will be able to provide you with information and requirements needed for installation entry.

Question 3: What do we do if a participant shows up for class but didn't register with the base ahead of time?

Answer: If the participant has not registered on base prior to the start of class, ensure they fill out the Attendance Form at the start of class and sign-in on the official SBA B2B sign-in sheet. If a participant doesn't fill out the Attendance form and sign-in on the sign-in sheet, they do not receive participation credit for the class.

Question 4: Is it okay to bring along/invite presenters from the private sector as subject matter experts for the purpose of teaching B2B modules? For example, Lawyers and CPAs for Legal Entities Module; Lenders/Micro-Lenders for Financing module.

Answer: Guest speakers may present individual modules that their experience and familiarity can help participants demonstrate proficiency of the objectives of the module. Guest speakers must not market or attempt to sell their products, programs, or services to participants in the classroom. Please consult with the local Veterans Business Outreach Center or the local SBA District Office for guidance on approved guest speakers.

Question 5: What is the primary goal of Boots to Business or Reboot? To get participants to register and attend the follow-on courses? What's our sell?

Answer: Boots to Business provides an overview of entrepreneurship and applicable business ownership fundamentals. Participants are introduced to the skills, knowledge, and resources they need to launch a business. Our “sell,” is **continued support** of Service members, spouses, Guard, Reserve, and Veterans as they pursue their entrepreneurial goals. This begins with the Introduction to Entrepreneurship then moves to the follow-on courses and helping Veterans make the connection to all the training, mentoring and counseling services available to them through SBA and all of SBA's resource partners.
